

Cha Part 3

Fig 12 Chase: This is a four measure figure in which dancers take turns to follow each other while facing the same direction. Dancers move independently and make sharp, half turns to change direction at different times, so it is important that they understand their own footwork. Hands are released at the start of the figure, which ends in a designated position.

Man: (1) Forward Left turning sharply $\frac{1}{2}$ Right-Faced to **Tandem** [man in front],
Recover Forward Right, Forward Left/Close Right, Forward Left;
(2) Forward R turning sharply $\frac{1}{2}$ Left-Faced to **Tandem** [Lady in front],
Recover Forward Left, Forward Right/Close Left, Forward Right;
(3) Forward Left, Recover Right, Back Left/Close Right, Back Left; [Fwd Basic]
(4) Back Right, Recover Left, Forward Right/Close Left, Forward Right; [Bk Basic]

Lady: (1) Back Right with no turn, Recover Left, Forward Right/Close Left, Forward Right;
(2) Forward Left turning sharply $\frac{1}{2}$ Right-Faced to **Tandem** [Lady in front],
Recover Forward Right, Forward Left/Close Right, Forward Left ;
(3) Forward Right turning sharply $\frac{1}{2}$ Left-Faced to face partner,
Recover Forward Left, Forward Right/Close Left, Forward Right;
(4) Forward Left with no turn, Recover Right, Back Left/Close Right, Back Left;

Note: The Close step can be replaced by a Lock step (Cross behind) to keep the figure contained. We choose to use the Lock step, but styling is personal preference.

Dancers Rock Apart and Recover then release hands and change places, with the Lady passing in front of the Man.

Rock Apart, Recover, Cross in front/Side, Cross in front;

Note: "Cross in front/Side, Cross in front" uses the same action as Crab Walk, with the feet on parallel tracks rather than crossing tightly which would block sideways movement.

Fig 16 Shoulder to Shoulder : This is a one measure figure which may begin with either foot. However, the Man always crosses in front while the Lady always crosses just behind on the first step.

Butterfly position Man facing the Wall, Lead feet free

Man: Forward Left crossing in front to **Butterfly Sidecar**, Recover Right to face partner, Side Left/Close Right, Side Left;

Lady: Back Right to **Butterfly Sidecar**, Recover Left to face, Side Right/Close Left, Side Right;

Butterfly position Man facing the Wall, Trail feet free

Man: Forward Right crossing in front to **Butterfly Banjo**, Recover Left to face partner, Side Right/Close Left, Side Right;

Lady: Back Left to **Butterfly Banjo**, Recover Right to face, Side Left/Close Right, Side Left;

Note: The crossing step (especially for the Lady) and body rotation to **Sidecar** or **Banjo position** should not be exaggerated. The positions are modifications of **Butterfly position**, with the appropriate hips towards rather than adjacent to partner.
